Somerville and Ed Tarbutton, Council members
Jana Coe, Town Manager
Peter Noursi, OIP Engineering
Ron Bolt, Legal Counsel for Town
Lance Ball, OIP Engineering
Julie Sparacino, Moderator
Others Present: Elise Pas, 3900 Cleveland Street
Marsha Shaines, 3905 Cleveland Street

Called Meeting to Order: 6:00 p.m. by Paula Fudge, Chair

Discussion of Chamberlain Contractor Contract #405.005 for Gutter/Curb Installation and Road Repairs: The Council reviewed the specifics of Chamberlain Contractors Contract #405.005 which includes installation of concrete gutter/curbs and mill/overlay on several of the Town's streets. After considerable discussion, Peter Marks moved that the Council adopt a policy to install 6-inch curbs to manage stormwater on the roadways, to preserve the character of the neighborhood and uniformity of appearance of the streets, but to allow exceptions, in limited circumstances, where pre-existing conditions dictate the use of alternative configurations. Ed Tarbutton seconded the motion and it passed with a vote of 5-0.

Review of proposal 'The Tech Mensch': Council member Tommy George presented the proposal from Ari Fisher of "The Tech Mensch" to provide IT technical support to the Town. He spoke with Ari Fisher and verified his proficiency and experience with applicable technologies. Mr. Fisher demonstrated a willingness to provide the necessary end-user support, training, and education on an as-needed basis. Tommy George moved that the Council accept the proposal. Nancy Somerville seconded the motion and it passed with a vote of 5-0.

Motion to Adjourn: At 7:05 p.m., Paula Fudge moved that the meeting be adjourned. Peter Marks seconded the motion and it passed with a 5-0 vote.

Respectfully submitted,
Jana Coe, Town Manager
