

COUNCIL OF CHEVY CHASE VIEW
Work Session on Bay Windows

Date: August 14, 2018
Place: Christ Episcopal Church, Kensington, Maryland
Present: Paula Fudge, Chair; Tom Brown, Nancy Kehne, and Ron Sherrow, Council members
Ron Bolt, Counsel for the Town of Chevy Chase View
Joe Toomey, Permit Administrator-Municipal Engineer

Called to Order by Paula Fudge at 6:33 p.m.

Work Session on Bay Windows: The Council held a work session for the purpose of discussing the current Chevy Chase View setback regulations applicable to bay windows and what amendments, if any, should be made to the Town Code.

The Council members discussed a draft ordinance prepared by the Town attorney and staff recommendations. The Council discussed whether the current approach should be modified. Proposed alternatives were discussed.

The Council agreed by consensus that the draft ordinance will not be considered at the September Council meeting because additional Council discussion is necessary. An additional work session will be scheduled. No other action was taken.

At 8:14 p.m., Paula Fudge moved the work session be adjourned. The motion was seconded by Nancy Kehne, and passed unanimously

Respectfully submitted,

Jana S. Coe, Town Manager
